CCT/Wattage
Field Adjustable Switches

Description
Venture Lighting's color temperature selectable and wattage selectable LED Linear High Bay is capable of changing to 2 different CCT settings (4000K, 5000K) and 3 different wattage settings (3 light levels) with a simple switch. These field-adjustable fixtures are preset to the highest wattage and 5000K CCT. The flexible selection capability allows for a cost effective method to reduce stocking inventory by 83% (1 SKU instead of 6). This is an ideal choice for commercial, industrial, or retail applications.

Construction
The housing is constructed from cold rolled steel to provide rigidity and strength. Each housing is finished with a white polyester power coat. Each fixture is supplied with a pair of V-hooks and 3ft chain for mounting. The luminaire is rated for damp and dry locations.

Optics
Provided with a frosted polycarbonate lens for providing diffused light distribution.

Electrical
The power supply has a range of 120-277V, 50/60Hz. 0-10V DC continuous dimming capability is standard. The fixture includes an integrated screw-in sensor socket (optional sensor is sold separately).

Warranty
For warranty information refer to: www.venturelighting.com/resources/warranties

* Lumen maintenance data is based on LED testing per IES LM-80 and projected per IES TM-21.

DLC Model: HBLS2UNV-210/170/155-FL/AU2/F1/A3/B7/SN/EMN

Product Performance

Wattage	4000K CCT Lumen Output	5000K CCT Lumen Output
210W	28350	28560
170W	24480	24650
155W	22630	22785
Color Rendering Index (CRI)		≥ 80
Lumen Maintenance @50,000 Hrs*		91%
Calculated L70 @25°C Ambient (Hrs)*		177,000
Operating Temperature Range		-22°F to 122°F (-30°C to 50°C)
Replace Existing Luminaire		Up to 1000W HID

Physical Characteristics

Lens Type	Frosted
Fixture Color	White
Length	24.8" (630mm)
Width	18.9" (480mm)
Height	2.1" (53.3mm)
Weight	13.45 lbs (6.10 kg)

Electrical Characteristics

|	
Input	120-277V, 50/60Hz
Dimming	0-10V DC
