A DIFFERENT WAY OF LIGHT

VENTURE
LIGHTING

Venture Lighting is a worldwide innovator, manufacturer and supplier of energy efficient lighting materials, components, systems, fixtures and controls. Since being founded in 1983 and becoming part of Advanced Lighting Technologies in 1995, Venture Lighting has always been a pioneer in light source technologies. An advocate for industry terms like "LPW" and "Lumen Maintenance", Venture has had a positive difference on the lighting industry.

An Innovation Leader:

- Full line of LED lamps, fixtures and controls
- Low glare
- High efficacy
- Thermal management
- Precise optics
- Fixtures that are application adaptable

Customers are assured:

- The very best technology
- The highest level of service
- Ease of working with
- Dedicated technical and customer support
