

INTERIOR / OFFICE LIGHTING

A DIFFERENT WAY OF LIGHT

A DIFFERENT WAY OF LIGHT

VENTURE
LIGHTING

Venture Lighting is a worldwide innovator, manufacturer and supplier of energy efficient lighting materials, components, systems, fixtures and controls. Since being founded in 1983 and becoming part of Advanced Lighting Technologies in 1995, Venture Lighting has always been a pioneer in light source technologies. An advocate for industry terms like "LPW" and "Lumen Maintenance", Venture has had a positive difference on the lighting industry.

An Innovation Leader:

- Full line of LED lamps, fixtures and controls
- Low glare
- High efficacy
- Thermal management
- Precise optics
- Fixtures that are application adaptable

Customers are assured:

- The very best technology
- The highest level of service
- Ease of working with
- Dedicated technical and customer support

INTERIOR/OFFICE

INTERIOR/OFFICE LIGHTING SOLUTIONS

48W LED 2x4 Panels

"Over three decades of delivering Industry leading, innovative products to support the daily needs of Distributors. That is why we partnered with Venture Lighting! Every day, Venture continues to impress us with prompt shipping, from deep inventories of quality driven, ever evolving, lighting options. The proof is in the product!"

*- Richard Osterhout
Green Electrical Supply*

OFFICE LIGHTING APPLICATIONS

Panels

- Color selectable LED Panels Available in 33W 1x4, 38W 2x2 and 44W 2x4
- Change from 3500K, 4000K or 5000K with just the flip of a switch
- Reduce inventory SKUs by 66%
- Edge-lit optics, low glare and easy on the eyes

Troffers

- Available in 32W 2x2 and 42W 2x4 in 120-277V configurations
- 3500K and 4000K CCT options; 80 CRI
- High quality, economical alternative to fluorescent
- Highest return on initial investment over the life time of the fixture
- 0-10V Dimming standard
- Factory installed Battery Backup available

Volumetric

- Available in 26W 2x2 and 48W 2x4 in 120-277V configurations
- 3500K and 4000K CCT options; 80 CRI
- High quality
- Economical
- Highest return on initial investment over the life time of the fixture
- Single diffused lens
- Factory installed Battery Backup available

A DIFFERENT WAY OF LIGHT

OFFICE LIGHTING APPLICATIONS

Color Selectable LED Panels

- Change from 3500K, 4000K or 5000K with just the flip of a switch
- Available in standard sizes of 1x4, 2x2, and 2x4
- Edge-lit optics, low glare and easy on the eyes
- Preset to 4000K at the factory
- Reduce inventory SKUs by 66%
- Easy to install
- Designed for upgrading existing fluorescent fixtures or for new construction
- 0-10V DC dimming standard to maximize energy savings
- Rated for damp and dry locations
- IC Rated
- Universal 120-277V 50/60 Hz input

3500K

4000K

5000K

CONFERENCE ROOM APPLICATIONS

Benefits and Features

- Energy saving of up to 75%, compared to Compact Fluorescent and Metal Halide
- Upgrade standard CFL and HID 6", 8" or 10" diameter recessed luminaires to high output LED (with 80+ CRI)
- 3X longer life than traditional technology, reducing maintenance costs
- Energy Star Certified
- cULus rated for dry and damp locations
- Light weight design allows for easy installation
- Universal 120-277V 50/60 Hz input
- 0-10V DC dimming standard to maximize energy savings
- White trim

Panels

- Color selectable LED Panels
Available in 33W 1x4, 38W 2x2 and 44W 2x4
- Change from 3500K, 4000K or 5000K with just the flip of a switch
- Reduce inventory SKUs by 66%
- Edge-lit optics, low glare and easy on the eyes
- Designed for upgrading existing

Downlights

- Available in 18W 6", 40W 8" and 50W 10"
- 4000K CCT; 80+ CRI
- Energy saving of up to 75%, compared to Compact Fluorescent and Metal Halide
- Upgrade standard CFL and HID 6", 8" or 10" diameter recessed luminaires to high output LED (with 80+ CRI)

Volumetric

- Available in 26W 2x2 and 48W 2x4 in 120-277V configurations
- 3500K and 4000K CCT options; 80 CRI
- Single diffused lens
- Smooth, low glare illuminance
- New construction or replacement of existing fluorescent fixtures

STAIRWELLS AND STORAGE

Linear Strip

- Available in 40W, 120-277V configuration in 4000K CCT
- Retrofit kit available in 35W, 120-277V configuration in 4000K CCT
- Designed for upgrading existing T8 and T12 fluorescent strip light fixture
- Versatile damp and dry rated fixtures are supplied with a low glare diffuse lens

Wrap

- Available in 42W, in 120-277V configurations
- Easy, economical lighting upgrade
- CCT: 4000K
- Beam angle: 90° standard
- 0-10V DC dimming standard
- cULus rated; Damp listed

Vapor-tight

- Available in 40W, 52W and 55W, in 120-277V and 347V configurations
- cULus rated for wet locations
- Light weight design allows for easy installation
- Universal 120-277V 50/60 Hz input
- 0-10V Dimming standard
- Surface mount kit included

STAIRWELLS AND STORAGE ROOMS

Benefits and Features

- Polycarbonate lens
- Stainless steel clips
- cULus rated for wet locations
- Light weight design allows for easy installation
- Input voltages available: 120-277 or 347V
- 0-10V Dimming standard
- Surface mount kit and V-Hooks for dual point chain suspension included
- Battery backup available for 120-277V input only

RETROFIT OPPORTUNITIES

Retrofit Lamps

- Available in 8W, 10W, 14W, 18W, 22W, 27W, 36W, 45W, 54W, 100W and 125W
- 5000K, 4000K and 3000K color temperature versions available
- Up to 5 times longer life and 80% energy savings compared to 50W through 400W metal halide lamps
- Improved reliability and reduced maintenance costs
- Universal Burn Position - Omnidirectional (base-up/base-down/horizontal operation)
- Easy installation, standard E26, E39 and EX39 bases available
- 5 year warranty
- Integrated driver

Directional

- Available in 54W and 115W in 120-277V configurations and 5000K color temperature
- Integrated driver design makes an ideal upgrade from traditional technologies
- Specially designed optic delivers Type V Distribution
- Energy saving replacement for MH or HPS
- Up to 5 times longer life and 80% energy savings compared to HID
- Horizontal burn position
- Easy installation
- Perfect for applications such as area, flood and wallpack lighting

Lowbay

- Available in 40W in 120-277V configuration and 4000K color temperature
- Energy saving replacement for 175W MH or HPS
- Universal burn position
- Easy installation
- Perfect for applications such as lowbays, canopies, garages, and general illumination
- Standard E26 and EX39 bases available

LIGHTING AN ENTIRE FACILITY

Lighting All Applications

For every area of an office building, or any other site or facility, Venture Lighting has a wide range of LED lighting products that can meet the need. Whether it is new construction, or upgrading existing lighting, Venture LED luminaires are the different way of light to any application.

Bollards
