

RETROFIT LIGHTING

LED Retrofit Lamps

Directional Retrofit Lamps

Lowbay Retrofit Lamps

Simplify the retrofit upgrade process and replace just the lamp or bulb. Venture LED retrofit lamps and specialty lamp options, such as directional retrofit lamps and low watt lowbay options make upgrading from HID to LED simple, easy and the smart thing to do.

A DIFFERENT WAY OF LIGHT

Venture Lighting is a worldwide innovator, manufacturer and supplier of energy efficient lighting materials, components, systems, fixtures and controls. Since being founded in 1983 and becoming part of Advanced Lighting Technologies in 1995, Venture Lighting has always been a pioneer in light source technologies. An advocate for industry terms like "LPW" and "Lumen Maintenance", Venture has always been a leader in the lighting industry.

energy saving

longer life
