

## Description

Experience better tennis lighting, with less glare. Venture Lighting has combined LED efficiency with specialty optics to create proper light levels in the right places of any tennis court. Venture's CrossCourt system requires no tilting and as such is glare-free, Dark-Sky, and neighborhood friendly. Eliminate the need to tilt the fixture and brighten the playing field. Venture's CrossCourt wins match, set - game over.

- Superior spill light control
- Ability to illuminate individual courts when the entire complex is not in use
- Lower visual impact on the surrounding environment
- Reduced glare; Perfect for lower poles

## Construction

Rugged die cast housing finished in a durable powder coat finish and with vandal resistant polycarbonate lens. To ensure weather-tight protection, each optical assembly is sealed with a silicone gasket. Luminaires are rated for an ambient operating temperature range of -40°C to 40°C.

## Electrical

The Class I power supply has a range of 120-277V, 50/60 Hz (a 347-480V input version is also available). LED driver is isolated from the LED light engine for enhanced driver reliability. 0-10V DC dimming capability is standard. The luminaires are rated for wet locations. Each fixture has a built-in 10kA surge protector. Each fixture is supplied with a 7-pin receptacle and a shorting cap. A motion sensor can be factory installed. Twistlock photocell accessory can easily be mounted onto the fixture.

## Mounting

The fixture is designed for use with various mounting accessories: Square and round pole arms, slipfitter or mast arm. The slipfitter and the mast arm fit a 2-3/8" tenon. All mounting accessories are ordered separately and field installed.

## Notes:

\*Lumen maintenance data is based on LED testing per IESNA LM-80 and projected per IESNA TM-21

## Product Performance

Wattage	200W
Lumens	24000
Correlated Color Temperature (CCT)	4000K
Color Rendering Index (CRI)	70+
Lumen Maintenance @50,000 hours*	99%
Calculated L70 @ 25°C Ambient in Hours*	>500,000
Distribution	Tennis Court Lighting
Replaces HID Wattage	400W V, 1000W H
Operating Temperature Range	-40°F to 104°F (-40°C to 40°C)

## Physical Characteristics

Fixture Color	Bronze
EPA	0.78
Length	23.625"
Width	10.25"
Height	6.01"
Weight	15.7 lbs (7.12kg)

## Electrical Characteristics

Input Voltage Range	120-277V
Amperage Draw (Input Volts/Amps)	120/1.7 208/0.98 240/0.85 277/0.73
Surge Protection	10kA

## Regulatory Qualifications

cULus Listed, Rated for wet locations

## Accessories
